

Dr. Robyn Hubbard

honored by Grand Rapids Women's Health, P.C.

Dr. Robyn Hubbard became a member of the West Michigan community during her medical residency at Blodgett Memorial Medical Center/St. Mary's Hospital in Grand Rapids. She has been in private practice since 1997. Robyn's main emphasis within her career has been to help women and their families understand health issues and their options for care. She says, "I focus on being a good listener and compassionate. I make sure to help my patients become healthier human beings." Robyn's hobbies include supporting her three children's active lives, dance, theater, and helping the community understand women's health care issues by being a media voice for Grand Rapids Women's Health.
